

Diagram illustrating a hierarchical tree structure, likely representing a network or organizational chart. The structure is composed of nodes (blue dots) and edges (yellow and orange lines).

The tree has four levels:

- Level 1 (Root):** A single blue dot.
- Level 2:** Three blue dots connected to the root by yellow lines.
- Level 3:** Six blue dots. The middle node of Level 2 branches into two nodes (yellow lines). The left and right nodes of Level 2 each branch into two nodes (yellow lines).
- Level 4 (Leaves):** Twelve blue dots. The nodes of Level 3 are connected to these leaves by orange lines. Each of the six nodes of Level 3 connects to two leaves.

Legend:

- charges
- générateurs
